Final Year engineering graduate with a 'Can Do' attitude, high energy and enthusiasm to learn and perform, always want to contribute in a small or large group working environments with minimum supervision, fast learner with a keen eye to details and ability to perform in any kind of work environment.

- Learned various skills pertinent to operating systems and computer languages during graduate study
- Highly interested to apply the learnings and learn the industry best practices
- Keen interests in expanding the learning knowledge and its applications in Industry
- Adept in learning and fully conversant with concepts and applications of business goals in the working environment

Skills

- C, C++, PYTHON, MySQL, Linux
- Visual studio code tools, Github, basic knowledge of Arduino and RaspberryPi3
- Database Management Systems, Data structures and algorithms
- HTML5, CSS, PHP

Graduate Education

2017-2021

B.Tech(JNTUH) / Sphoorthy Engineering College

Computer Science Engineering / CGPA-7.1

2014-2016

10+2(INTERMEDIATE) / School, Location

MPC / 84.5%

2013-2014

High School(SSC) / National High School

92%

Internship

2019 - 2020

Face and Object Detection| Cognizance (IIT ROORKEE)

Gained Knowledge on Computer Vision technology.

2019 - 2020

Machine Learning using Python | Goal Street (Bits Pilani)

Gained knowledge on Machine learning and various models in it.

Projects

- [ONLINE EMPLOYEE TIME MANAGEMENT SYSTEM](#)
2018–2019
- [OFFLINE DIGIT RECOGNITION APPLICATION](#)
2018–2019
- [ONLINE SHOPPING WEBSITE](#)
2019–2020
- [FACE AND OBJECT DETECTION SYSTEM](#)
2019–2020

Achievements

- Certified course on Machine Learning. [Link](#)
- Certified course on Android App Development.
- Certified course on Data Science. [Link](#)
- Certified Cisco Cybersecurity Essentials.
- Certified course on Amazon Web Services(AWS). [Link](#)

Hackathons

- [NASA Space Apps](#) | Sphoorthy Engg College Hyderabad
- [Machine Learning](#) | Cognizance IIT-Roorkee
- [Android App Development](#) | Sphoorthy Engg College HYDERABAD
